1. PREFACE AND BASIC TERMS

Short Title

This Tariff may be cited as the “Combined Transport Service and Terminal Services Tariff,” and is generally referred to as the “Tariff.”

Publication

This Tariff is published by DPWC with the approval of the Authority, where such approval is required.

Effective Date and Changes

This Tariff shall be subject to change without specific notice and such changes will be effective from August 16, 2012, or such other date specified in the notice.

Scope of Tariff

This Tariff and all rates, charges, terms, conditions, rules and regulations contained herein shall apply to (i) the combined transport and container services defined in Section 2.1 (the “**Combined Transport Service**”); and (ii) the container and related marine operations at Terminal Areas (“**Terminal Services**” and, together with the Combined Transport Service, the “**Services**”). The Terminal Areas are owned by the Authority and operated by DPWC. General terminal services at the Port of Vancouver are governed separately by the DP World Vancouver Port Metro Vancouver’s Terminal Services Tariff. This Tariff does not cover the loading, unloading, handling, storage, and transshipment of import, export and transit cargoes at the Terminal Areas that are not in a Container, whether in liquid bulk, dry bulk, break-bulk cargo, or ro-ro.

DPWC provides the Services to the Users, subject to the terms, conditions, rules, regulations and definitions of this Tariff, which shall govern the relationship between DPWC and such Users. Those Users that receive Combined Transport Service from DPWC shall be subject to Part I (Introduction, Definitions and Conversion Factors), Part II (Combined Transport Service) and, as applicable, Part IV (General Terms and Conditions). Those Users that only receive Terminal Services from DPWC and, thus, are not part of the Combined Transport Service, shall be subject to Part I (Introduction, Definitions and Conversion Factors), Part III (Terminal Services) and Part IV (General Terms and Conditions).

Notice to Public

This Tariff is notice that the rates, charges, terms, conditions, exclusions from liability, limitations, rules, regulations and definitions contained herein apply to all Users of any of the services described herein, or any of the property described herein without specific notice, quotation or prior arrangement. Where there is a direct conflict between this Tariff and the Authority Terminal Services Tariff, the Authority Terminal Services Tariff shall apply but only to the extent of such conflict.

The Authority provides berthage at the Terminal Areas, subject to all of the terms and conditions of the Authority Fee Document. The use of any of the Services, the terminals, docks, wharves, and facilities at the Terminal Area shall be deemed complete acceptance of this Tariff and the Authority Fee Document and any revisions or supplements thereto.

DPWC reserves the right to furnish all equipment, supplies and materials and to perform all services in connection with the Services.

Limitations and Exclusion of Liability

Take notice that the terms and conditions of this Tariff contain provisions limiting, and/or excluding liability on the part of DPWC, the Authority their respective affiliates and others.

Yard Rehandle	Per Container	\$75.00

A yard rehandle covers the extra sorting, stacking or moving of a Container in the Container Yard at the request of the User or at the direction of the Authority.

Container Storage is the service of providing open or ground space in the ContainerStorage Area for empty Containers in idle status.

Empty Containers will be accepted for storage at the Terminals only if there is sufficient designated space available to accommodate them.

Containers accepted for storage will be assembled in a block stow configuration separated by owner, size and general type only. Normal retrieval of Containers will be on the basis of first Container available. Requests to redeliver specific Containers which may result in the need to dig within the storage pile will be assessed a Container handling charge for each additional Container move required.

Storage charges for empty Containers are payable from the time of delivery to a ContainerStorage Area. These charges shall be invoiced each month and shall be calculated according to the number of Containers in storage each day of the month covered by the invoice.

The reporting of damage to Containers on equipment interchange receipts is limited to obvious external damage that can be readily seen by the human eye. Normal wear and tear, such as minor scrapes, dents and bruises which do not interfere with the serviceability of the equipment, and hidden damage which cannot be seen at the time the inspection is made (such as hairline cracks, pin holes, etc.) and the condition of floors and the undercarriage of Containers are specifically excluded.

Saturdays, Sundays, and holidays are counted in computing Free Time.

Following the expiry of Free Time, Cargo is subject to demurrage. Beyond a total of thirty calendar days, the Cargo Owner must have the written authorization of DPWC to keep the Cargo on the Terminals, and shall be assessed storage charges by DPWC

A Waybill may be signed by DPWC or its agents or employees. The Cargo Owner is responsible to provide to DPWC before transport a written description of the Cargo for inclusion in the Waybill, which description will include the number of Containers, the weight and identifying marks of the Cargo, the destination for the Cargo, and any other necessary information requested by DPWC. All Waybills shall include the statements: “THE HAGUE-VISBY RULES DO NOT APPLY TO THIS WAYBILL” and “ALL CARGO CARRIED ON DECK AT THE SOLE RISK OF THE SHIPPER IN ACCORDANCE WITH CLAUSE 9 ON THE REVERSE.” Clause 9 on the reverse of the Waybill contains terms excluding liability on the part of DPWC and others.

The Cargo Owner further agrees that all Containers and Cargo transported under the Combined Transport Service are carried on deck. Containers and Cargo carried on deck are carried at the sole risk of the Cargo Owner. In no event shall DPWC, DPWC’s Vessel, or any operator or owner of DPWC’s Vessel be liable for any loss or damage in respect of Containers and/or Cargo carried on deck howsoever caused, and without limiting the generality of the foregoing, even if such loss or damage results from unseaworthiness of DPWC’s Vessel or any equipment used to transport the Container and/or Cargo, or from the negligence, error, act or omission of DPWC or of the servants or agents of DPWC, or any operator or owner of DPWC’s Vessel, including all persons described in paragraph 2.13 herein.

The terms and conditions of the Waybill are expressly incorporated into and form part of this Tariff in respect of the Combined Transport Service. Where the terms and conditions of the Waybill are in conflict with a specific term in this Tariff in respect of the Combined Transport Service, the terms and conditions of the Waybill shall prevail, but only to the extent of such conflict.

2.5 Approval and Inspection

Prior to loading any Container or Cargo on any Vessel, DPWC has the right, but not the obligation, to determine the suitability of the Container or Cargo for transport. The Cargo Owner will not present to DPWC any Container with toxic chemicals, hazardous or dangerous Cargo, industrial, municipal, or any other type of waste.

The Containers, if containing Cargo, must be properly loaded and sealed by or on behalf of the Cargo Owner. The Cargo Owner must notify DPWC in writing of any special requirements for any Containers so provided.

The Cargo Owner is responsible, following transport of a Container or Cargo, to take delivery of the Container or Cargo at the terminals or berth designated by DPWC at the Terminal Area or the Port of Vancouver, or in the case of export Shipments, to make all necessary arrangements for the subsequent transport of a Container or Cargo, whether by ocean or otherwise.

2.6 Substitute Equipment and Deviation

If DPWC’s Vessel should become disabled, DPWC may, at its sole discretion, secure or furnish the services of a substitute vessel. Alternatively, DPWC may suspend the Combined Transport Service and if doing so shall have no liability for any costs, damages or loss suffered by a Cargo Owner during or arising from said suspension.

It is agreed that DPWC may utilize other carriers as sub-contractors in providing the Combined Transport Service.

DPWC’s Vessel has liberty to call at any port or ports in any order, for any purpose, to sail without pilots, to tow and /or assist vessels in all situations, and also to deviate for the purpose of saving life and/or property.

2.7 Regulatory Compliance

The Cargo Owner warrants that any Container or Cargo provided for carriage is safe for handling and transport by DPWC during the Combined Transport Service and that the Cargo complies with all applicable federal, provincial, and local statutes and regulations, including without limitation all applicable environmental legislation, statutes, laws and regulations.

2.8 Risk of Loss, Limitation of Liability and Time Bar

Risk of loss for all Cargo whether in a Container or not shall always remain with the Cargo Owner during the Combined Transport Service. For greater certainty and without limiting the generality of the foregoing, risk of loss for all Cargo and Containers remains with the Cargo Owner during and upon delivery or presentation of the Cargo at the Terminals, handling at the Terminals, loading of Cargo onto DPWC's Vessel, during carriage, during unloading of Cargo from DPWC's Vessel and during handling after discharge as described in Sections 2.1.1 and 2.1.2 above. No inspection, approval or failure to inspect or approve by DPWC under this Tariff shall alter or affect the risk of loss. The Cargo Owner releases DPWC, DPWC's Vessel, and any operator or owner of DPWC's Vessel, from any and all claims for loss of or damage to Cargo and Containers occurring during the Combined Transport Service, including any claims for deductibles under any policy of insurance, and will indemnify and hold harmless DPWC, DPWC's Vessel, and any operator or owner of DPWC's Vessel for any such claims brought against any of them in respect of such Cargo and Containers.

Notwithstanding the foregoing, in no event shall DPWC, DPWC's Vessel, or any operator or owner of DPWC's Vessel be liable for loss or damage to a Container and any Cargo in an amount exceeding Canadian \$500.00 (five hundred dollars) per Container, whether loaded with Cargo or empty, or in the case of Cargo not stowed within a Container an amount exceeding Canadian \$1.00 (one dollar) per ton (2,000 lbs.) of Cargo unless the nature and value of such Cargo has been declared by the Cargo Owner in writing before Shipment and inserted in to the Waybill, and the Cargo Owner has paid any additional handling charges requested by DPWC, which declaration shall not be binding or conclusive on DPWC. DPWC, DPWC's Vessel, and any operator or owner of DPWC's Vessel shall not in any event be responsible for loss or damage if the nature or value of the Cargo has knowingly been misstated by the Cargo Owner.

Notwithstanding the foregoing, DPWC, DPWC's Vessel, and any operator or owner of DPWC's Vessel, shall be discharged from all liability in respect of loss or damage unless legal proceedings are brought within one year after delivery of the Cargo or the date when the Cargo should have been delivered.

2.9 Insurance

The Cargo Owner will at its sole cost and expense, continuously maintain insurance in respect of any Cargo to be handled or transported by DPWC to its full value inclusive of freight, against any and all risks that may arise during the provision of the Combined Transport Service, and the Cargo Owner shall ensure that such insurance contains a waiver of subrogation in favor of DPWC, DPWC's Vessel, and any operator or owner of DPWC's Vessel and all those for whom DPWC is legally responsible.

2.10 Indemnity

The Cargo Owner shall indemnify and hold harmless DPWC, DPWC's Vessel, and any operator or owner of DPWC's Vessel against all claims, including without limiting the foregoing, damages, liabilities, causes of action, charges, judgments, and expenses (including fines and reasonable legal fees) for property damage, personal injury, or death, environmental contamination, remediation or natural resources damages to the extent arising out of:

- a) the performance of obligations under this Tariff by the Cargo Owner or any individual or entity acting by, through or under the Cargo Owner; including any subcontractors that the Cargo Owner may from time to time engage for the performance of the obligations contemplated herein;
- b) any breach by the Cargo Owner of the terms and conditions of this Tariff;
- c) any act or omission of the Cargo Owner or of any individual or entity acting by through or under the Cargo Owner; and
- d) any actual or alleged violation or breach by the Cargo Owner, its agents, employees, or subcontractors of any applicable law, including environmental law.

2.11 Marine Liability Act

It is agreed that Cargo carried under this Tariff is not "goods" as defined by the provisions of the Hague-Visby Rules (Schedule 3 of the *Marine Liability Act*, S.C. 2001, c. 6, as amended), and the said Hague-Visby Rules shall not apply to the Combined Transport Service.

DPWC shall be deemed to be acting as agent or trustee of and for the benefit of all such persons, entities and vessels set forth above but only for the limited purpose of contracting for the extension of such benefits to such persons, bodies and vessels.

2.14 Payment of Freight and Non-Payment/Lien Rights

Unless otherwise expressly agreed in writing with DPWC, the fees for the Combined Transport Services shall be paid on transport, and shall be deemed fully earned and non-returnable, DPWC's Vessel and/or Cargo lost or not lost.

DPWC shall have a lien on the Cargo for freight, deadfreight, demurrage, claims for damages and for all other amounts due or charges under this Tariff including the costs of recovering same. In addition to the foregoing, DPWC shall have a lien upon any Cargo in its possession belonging to the Cargo Owner in default whether or not any amount is due and owing in relation to that specific Cargo, until all outstanding amounts are paid. DPWC has the right to sell any lien Cargo by public or private auction or sale, or otherwise, at its sole discretion.

2.15 Application of Other Parts of the Tariff
